## Enrolling In or Transferring Coverage

Eligible state employees can enroll in or transfer between dental options. For local education and local government plan employees, please check with your agency's insurance preparer to see if this option is available. Retirees are not eligible to enroll in dental coverage.

To enroll in or transfer dental coverage, you must complete an Enrollment/Change Application. If selecting the Prepaid Dental Plan, you will also need to complete a dentist selection card. Contact your insurance preparer for a packet of materials if you are interested in enrolling in or transferring dental coverage.

There will be a premium increase for the PDO option effective January 1, 2003. The premium for the Prepaid Plan will remain the same.

## Prepaid Plan

The Prepaid Plan provides dental services at predetermined copayment amounts, which are reduced fees for dental treatments when members receive services from their selected Participating General Dentist or from any Participating Specialist. There are no deductibles to meet, no claims to file, no waiting periods for covered members, no annual dollar maximum and pre-existing conditions are covered.

## Preferred Dentist Organization (PDO)

The PDO Plan offers flexibility in that members may choose any dentist; however, members receive maximum benefits when visiting a PDO Network Provider. No referrals are required with the PDO option and you or your dentist will file claims for covered services. Some services require waiting periods and limitations and exclusions apply.

The benefits listed below are a sample of the most frequently utilized dental treatments. Refer to vendor materials for complete information on coverage, limitations and exclusions.

MAC — Maximum Allowable Charge

\* Members are responsible for additional lab fees for these services.

\*\* If an employee was covered under the previous state sponsored indemnity dental (reimbursement) option, the lifetime maximum under that option was \$1,000. If an employee had coverage through another dental plan company they may also have had a lifetime maximum for orthodontia. The orthodontia maximum is a lifetime benefit, which means, if an employee enrolls under the PDO, the benefit amount will not start over again. The benefits for orthodontia under the PDO would be adjusted based on the benefits a member may have received previously through another dental plan.
